

3-Day Holiday Jams Village Hotels, Cafes

Police, Firemen Report Little Action for Them

Palm Springs was full up over the long holiday weekend but police reported a quiet time.

There were no accidents, no fires and no arrests.

Hotels reported a big business from Friday to Sunday and the cafes which were open were crowded with visitors.

The visitors spent most of their time in the many swimming pools and in acquiring a sun tan.

Only the weather failed to cooperate. After a cool week, summer hit with a bang on the Fourth of July with the temperature going to 110. Saturday it dropped to 104.

Orange Show

Slogan Contest Ends Tuesday

Earl Bue, manager of the National Orange Show at San Bernardino, said yesterday that the slogan contest for the 1953 show will close next Tuesday.

A prize of \$50 will go to the person submitting the winning slogan or theme for the 38th annual National Orange Show next March.

The Other Side of the City Hall

by CITY MANAGER RUSSELL RINK

Those of us who tend to be smug about the smog in Los Angeles "because we don't have the awful stuff in the desert" had better review our position in light of changing conditions. Old timers will tell you there is much more haze in the valley than there used to be. Notice how frequently the mountains on the north side of the valley back of Desert Hot Springs and Thousand Palms are partially obscured.

The so-called haze is smog blown through the San Geronimo Pass from the Riverside and San Bernardino areas. Now if you think this is unconceivable, fly from Palm Springs to San Bernardino, or Ontario the day after a rain has rinsed all the man-made impurities from the sky. You will be able to see for 50 miles in all directions. Mount Wilson and Cajon Pass look so close from San Bernardino you could almost reach out and touch them.

FLY BACK the second day after the rain. The picture is taking on a somber hue. Like the genie from Aladdin's lamp, a murky monster has risen from the industrial plants and is beginning to envelop the landscape with his dirty cloak. The polluted air piles up, trapped by the mountains until it forms a second horizon at about 5,000 feet. Then it spills over through Cajon Pass into the Mojave Desert and through San Geronimo Pass into our own Coachella Valley. The solution to the problem is to form a smog con-

trol or air pollution district similar to the one that encompasses Los Angeles County. Problems of this kind must be solved and the people of Palm attacked on an area-wide basis must lend a hand.

THE JOB will not be an easy one. Smoke precipitation or filtration equipment costs money and most industrial concerns resist such expenditures because they are usually non-productive in terms of money to the plant. It is only within the last 10 years that Pittsburgh, Pa. has earned the shining title of the "smokeless city." But as early as 1890 committees were formed to investigate the smoke problem. Will it take 50 years to eliminate the smoke problem in this area?

If the air in the desert isn't kept crystal clear it won't take a crystal ball to see the murky future of "America's Foremost Desert Resort." Unless positive action is taken Palm Springs will some day be referred to as "America's former desert resort." Notice the small letters.

Parking Meter Receipts Show Slight Decrease

Addition of off-street parking lots and greater parking areas around mercantile establishments, was reflected in the report of City Treasurer Robert W. Peterson on parking meter collections for the fiscal year which ended June 30, 1952.

The 12 months "take" was \$17,689.19 as against \$18,868.67 for the 12 months from July 1, 1950, to June 30, 1951.

During the past year, too, many parking meters were out of operation. Defective heads were repaired during the busy season and on Indian avenue, no meters were collecting pennies and nickels during the paving operations on that thoroughfare.

Treasurer Peterson said 330 parking meters were in operation as of June 1 and only 114 are in operation now.

Biggest month of the fiscal year just closed was March when \$2,953.65 was chunked in by the motoring public. That was also the biggest month since the meters were placed in operation here in March, 1948.

The parking meters are now all paid for and the property of the city with all of the receipts going toward improvements instead of a portion to the meter company.

Total collected between March 1948, and June 30, 1952 was \$59,163.72.

VILLAGERS CLIMB TO COOL COUNTRY

Chamber of Commerce Manager William Dunkerley and Fred Prince, Chamber director, are in the High Sierras this week cooling off with the Sierra club at the 11,000-foot level of Blaney Meadows.

They plan to return this weekend. In August both will go to Fort Ord with their U. S. Army Reserve Military Government Company. Both are captains in the Reserve. The training will cover a week of activity.

Youth, Arrested Here, Flees Camp

Dick Billingsley, 23, of Palm Springs who, police say, has a long record of arrests, was being sought today following escape from the county road camp at Trip Flats on the Desert to Ocean cut-off highway.

Billingsley was sent to the road camp in February after conviction on a narcotics charge here.

With two other prisoners—Donald Vanderbush, 31, San Francisco, and J. B. Marsh, 23, Compton—he is said to have stolen a county truck to make his getaway.

County Budgets Fund for Indian Avenue Project

Plans for the improvement of Indian avenue from the north city limits to the new overpass to be built at the Garnet crossing over the Southern Pacific tracks are included in the county budget for the 1952-53 fiscal year, it was revealed this week.

The project, slightly under three miles, is listed at \$14,910.

Two Beach Boys Scale San Jac

Two Long Beach boys were back from a two-day climb up the rugged slopes of Mt. San Jacinto starting from Andreas Canyon.

Making the 11,000-foot climb were Jack McGregor, 49, and Tom Perrin, 20.

In the budget of A. C. Keith, county road commissioner.

Other Palm Springs area roads, from Desert Hot Springs to Palm Desert, are included in the budget at a cost of another \$14,000.

From where I sit... by Joe Marsh

How Nervy Can a "Tenant" Get?

"Harry the Hermit" dropped in to see Judge Cunningham the other day and started complaining about that dilapidated house he lives in over near Greenwood Lake.

"Who's my landlord?" Harry wanted to know. "Whoever you pay rent to," says the Judge. "Don't pay any rent," says Harry. "Moved into that house twelve years ago and nobody ever came to collect."

"Well," says the Judge, looking mystified, "what do you have to complain about?" "Plenty," replies Harry. "Rain's pouring in my living room and if someone doesn't

fix that roof, I'm moving out!"

Now Harry was only having a little joke, but from where I sit I've seen people act just about as nervy as this sometimes—seriously. Like those who enjoy all the rights Americans have worked for, and yet would take away some of those freedoms from others—for example, our right to enjoy a friendly glass of beer. I say these "leaks of intolerance" have no place in the "home of liberty."

MY MOM'S
THE WORLD'S
BEST COOKIE
BAKER!

SOUR CREAM COOKIES
(Makes 40 2-inch cookies)
1/2 cup Carnation Butter
1 cup sugar
2 eggs
1/2 cup Carnation Sour Cream
1 teaspoon vanilla
2 cups sifted flour
1/2 teaspoon salt
1/4 teaspoon soda
1/2 teaspoon nutmeg
1 cup finely chopped nuts

Blend butter, sugar, eggs, Carnation Sour Cream and vanilla till smooth and fluffy. Combine remaining ingredients and add to Sour Cream mixture. Mix till smooth. Drop from teaspoon to buttered cookie sheet. Bake in moderate oven (400°) about 15 minutes or until lightly brown. Remove from sheet at once.

FLAVORFUL VINE

Did you know our familiar vanilla flavoring comes from an orchid? One variety of the vanilla bean grows on a Mexican orchid vine that often grows 100 feet long! Growing vanilla beans is not easy. The vines need constant care, and the beans take a full year to mature. They must be picked by experienced workers, go through delicate curing and drying processes—and only then are made into vanilla as we use it in our kitchens!

Carnation Sour Cream is richer than coffee cream... adds extra richness to your cookery!

SKID-FREE RUGS
If you tack a rubber jar ring firmly under each corner.

SOUR CREAM DRESSING

For 1 1/2 cups, combine the following in a bowl and mix:

1 tablespoon sugar
1 teaspoon salt
1/2 teaspoon dry mustard
1/2 teaspoon celery seed or 1/4 teaspoon celery salt
1 cup (1/4 pt.) Carnation Sour Cream
1/4 cup lemon juice or vinegar

Serve it over salad greens or a combination of sliced cabbage, cucumbers, cauliflower, chopped green pepper and garden onions.

SHOW HUBBY YOU'RE SMART

COUNTRY CHICKEN BAKE

(Makes 4 servings)
1 cut up frying chicken
1 cup (1/4 pt.) Carnation Sour Cream
1 tsp. salt
1/4 tsp. pepper
1/2 cup fine bread crumbs

Dip pieces of chicken in Carnation Sour Cream, roll in seasoned crumbs. Bake in baking dish in moderate oven (350°) for 45-50 min. or until tender.

I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

This weekly letter from your Congressman will necessarily be very short. This is the final week of the 2nd Session of the 32nd Congress. All legislative bodies start slowly and discuss everything under the sun. About three weeks before the desired adjournment date, each house realizes the shortness of the time and a mad scramble ensues. The astonishing thing is that so few errors occur, and that needed legislation usually gets passed in a proper form. This is representative government in a Republic.

In the last two days, we have adopted seven conference reports carrying billions of dollars. Last Saturday the Senate aver-

aged a bill very three minutes. We will undoubtedly adjourn Saturday. I think we will adjourn, rather than recess, although I suspect we will be back, probably in September, for a special session. War, steel, labor and money are hard hurdles to clear, all in one jump.

Mrs. Phillips and I leave at once for Chicago. The California delegation to the Convention arrives Saturday. I wish I had time now to write at length about past conventions and the probabilities of the coming convention.

There is one thing I would like to say. I say it with great earnestness. Letters to me say this candidate or that candidate will win the November election. I rise to remark that neither candidate will win the election alone. If that is the idea in people's minds, we might as well throw in the towel now. Either candidate, or any candidate, can win with the complete and active support of the right thinking men and women who want a return to the protections and provisions of the Constitution, and are willing to set aside all personalities and prejudices, to work to regain representative government. This requirement goes from the candidate down to the precinct workers.

I got to Chicago, with only one idea and one determination, to cast my one vote, as a delegate, for the preservation of the Republic.

Ask Hospital

Branch on Desert
or Cash, Wanted

Steps to establish a branch of the county hospital in the desert area or—if that cannot be done—obtain funds for handling of county cases in private hospitals in the desert area, were urged by the Indio chamber of commerce last week.

Last week city council considered a request from the Coachella Valley Advisory Planning Committee asking an endorsement of the proposal.

A similar request was sent to the Palm Springs Chamber. Council referred the request to directors of Desert Hospital for recommendation.

Predict Slash in 16 Million County Budget

Varner Says
Figures Will be
Cut by \$175,000

Supervisor Homer Varner of the Fourth District said last week when supervisors finished their budget sessions that the \$16,000,000 budget will be cut probably \$175,000 before final adoption. He said the hospital budget was cut 115,000 from original figures submitted and there were cuts in other departments. Varner said the budget submitted by Sheriff Carl Reyburn was the most complete of all, and the tightest.

MOST IMPORTANT to desert area residents was the item in the sheriff's budget providing for a bailiff for a court at Indio. Included in Judge O. K. Morton's court budget was a request for expenses for the desert superior court branch. County Clerk Gordon Pequegnat's request for a permanent deputy county clerk in the Coachella Valley area was also allowed. Judge Morton has said that he plans to ask Chief Justice Phil Gibson for a presiding judge for a court at Indio as of October 1.

DESERT BAR association through its president, Judge E. E. Theriault of Palm Springs recently asked the county grand jury to study the court needs here. He said that almost one third of the cases tried in Riverside could be tried in a desert branch of the superior court. The Bar association will petition the state legislature to establish a permanent department of the county superior court at Indio. The new budget provides salary increases for about 1000 of the county's 1200 employees.

WITH BUDGET sessions completed, supervisors will sit as a board of equalization Mondays of this month to hear complaints on assessed values. Supervisors set August 18 as date for public hearing on the budget. It must be adopted before September 1.

Salton Sea

Funds Ready
for State Park

Newton B. Drury, chief of the state division of beaches and parks, told the Coachella Valley Advisory Planning Committee, that funds are now available to start planning construction of the Salton Sea state park. He also said that the park commission would seriously consider the CVAPC request for designation of 300 square feet of playground space, adjacent to the picnic areas. The request for the playground space was made on the recommendation of the county planning commission.

Backstrand Asks Bottleneck Action

Establishment of a truck route through Banning to relieve congestion on the main highway—60, 70, 99—until elimination of the bottleneck there, was urged by Leo Backstrand who attended the meeting of the highway com-

mittee of the state chamber of commerce in Los Angeles last week. Backstrand urged early elimination of the Banning bottleneck by establishing a new route through the city. He also asked completion of the following projects in the Palm Springs area—four-lane freeway from Whitewater to Thousand Palms, and a four-lane highway from Box Springs to Beaumont, highway 60 through Riverside.

Father of Village Man Succumbs

Otis McDonald, father of Charles O. McDonald, of 1070 Calle Marcus, died at the age of 79 at his home in Compton Monday. He has been a frequent visitor to Palm Springs. He is survived by his widow,

two sons, Charles O. of Palm Springs and William of Compton, three daughters, Mrs. Raymond Carle, Compton, Mrs. Betty Yarbrogh, San Francisco, and Mrs. P. W. Pryor of Missouri, ten grandchildren and 12 great grandchildren. Mr. and Mrs. C. O. McDonald and son Jack, went to Compton Wednesday to attend last rites for the deceased. Interment was in Compton cemetery.

2 Cars Damaged by Hit-Runner

Police were looking for an automobile bearing evidence of an accident as result of a hit and run report turned in Thursday. James D. Wafford, Blythe, and Leo J. Barnes of the Village, told

The Desert Sun—3

Husband of Village Girl Now Colonel in U. S. Air Force

Robert E. Thacker, who is married to Betty Jo Smoot, daughter of Mr. and Mrs. Joe Smoot of the Village, has been promoted to the grade of colonel in the United States Air Force.

Colonel Thacker is deputy commander of Davis-Monthan Air Force Base, Tucson, Arizona. Despite the fact that he is one of the first Air Force men to fly a jet fighter plane and has set a speed and distance record for propeller-driven fighter planes, Colonel Thacker is now, and has always been, primarily interested in strategic bombing aircraft.

AFTER GRADUATION from El Centro Junior College, Colonel Thacker enlisted in the Air Corps as a flying cadet in 1939. He received pilot training at Randolph and Kelly fields and was graduated as a second lieutenant in 1940.

His first assignment as an officer was to the 88th Reconnaissance Sq. at Hamilton, Calif. Because of shortage of trained navigators and bombardiers in those days, Colonel Thacker qualified for his aerial rating as an observer on the time he

Missing Woman is Found Dead

Search for Mrs. Etta Mae Ross, 83, of Desert Hot Springs, ended Saturday when her body was found on McDonald road, near that community.

She was apparently stricken while walking along the road after wandering away from the Tucker ranch where she had made her home for nine years. Funeral services for Mrs. Ross were conducted at Weifers and Sons chapel in Banning Tuesday. Mrs. Ross is survived by her daughter, Mrs. Hazel Tucker, with whom she had made her home, and a son, Wilbur W. Ross of Glendale.

Simon and Hardy Join Forces Here

Rex Hardy and Abram Robert Simon, Palm Springs attorneys, this week announced the formation of a new law partnership under the firm name of Simon and Hardy with offices at 457 North Palm Canyon drive.

Hardy has had an office in the offices of Hilton McCabe, local attorney and Simon was formerly member of a prominent Beverly Hills law firm and still retains a senior interest there.

Simon is now in the east and expects to return about July 20. The offices at 457 North Palm Canyon drive are being remodelled for the new firm.

Legion Rally

Special Meeting Called Tuesday

Owen B. Coffman post 519, American Legion, will meet in special session next Tuesday night at World Wars Memorial Hall and all members were urged by John Joyce, acting commander, to be present.

He said many important items of business are to be considered and action must be taken on them this month.

At the regular meeting a week ago Tuesday a quorum was not present and to complete the business at hand this month the special meeting was set for next Tuesday.

flight testing and development division at Wright Field, Ohio. Here, as commander of the accelerated service test section, he became one of the first men in the Air Force to fly a jet aircraft when he tested the P-59, Bell aircraft's first acceptable jet plane.

OTHER PLANES tested by, or under the supervision of, Col. Thacker included the F-80 Shooting Star, the F-82 and the P-51H.

It was in a Twin-Mustang F-82 named after his wife Betty Jo, that Colonel Thacker set a speed and distance record which still stands for propeller-driven fighters. He flew non-stop from Honolulu to New York in 14½ hours, a distance of 4,978 miles. Despite his success in the

fighter field, Colonel Thacker was still primarily interested in the strategic bombing program. After graduating from the Air Command and General Staff school at Maxwell AFB, Alabama, he requested and was granted assignment to the Strategic Air Command.

HIS FIRST ASSIGNMENT in SAC was commanding officer of the maintenance supply group at Carswell AFB in Fort Worth, Texas.

Colonel Thacker came to Davis-Monthan as chief of maintenance control for the 43rd Bomb Wing in 1950. For the past year he has been deputy base commander. He is a senior pilot and an

aerial observer. His decorations include the Silver Star with Oak Leaf Cluster; the Distinguished Flying Cross with two clusters; the Air Medal with seven clusters; the Presidential Unit Citation and the Croix de Guerre.

For small businessmen: one hundred thousand loans per month, representing eighty million dollars for every business purpose...

and for big business: Large scale financing for development and expansion to create more jobs... jobs for industrial workers... jobs for salaried men... jobs for women...

and for the farmer, loans to buy land and equipment... finance crops... farm successfully...

and for the home owner, loans to build, buy, or improve... to make better homes for the housewife, the children... the entire family...

with millions additionally invested in bonds to build better public schools throughout California...

and more millions for sewer bonds, municipal buildings and other public works,

...to make living and working more pleasant... productive and profitable for you

"Building California" may mean one thing to you... something else to another, but to everybody it means something good!

The millions of dollars loaned every year by Bank of America represent dollars invested by the bank to make living and working more pleasant, more productive, more profitable for you.

Here is Bank of America's current Statement of Condition. Certainly a list of big figures. But these figures give you the financial picture of a big bank doing a big job.

Sign Variance for DuMaurier Ends Long Case

The controversial Northey DuMaurier sign case came to a sudden end this week in a compromise settlement completed Monday morning.

Assistant City Attorney Jerry Bunker, following the meeting between the sign variance committee and DuMaurier, filed a motion for dismissal of the charges against the owner of the Palm Springs Tourist Bureau.

Judge E. E. Theriault last Thursday had set the case for retrial following failure of the jury which heard the case on May 26 to agree. But the retrial set for July 24, will not now be held.

The sign variance committee ruled Monday that Du Maurier's neon sign was o. k. if it were moved at least 24 inches from the window. The sign is on the inside. DuMaurier agreed to comply with the stipulation and Bunker said the case would be dropped.

in the case of the city, do not include public utilities.

"The increase in value of locally assessed property is due almost entirely to new wealth developed or brought into Riverside county," said Burchfield. "New building construction, larger inventories of personal property, rapid development of raw land to agricultural use and subdividing of acreage into more intensive use are the factors chiefly responsible for our added wealth. Property removed from the roll by reason of the welfare, church, veteran, college and orphanage exemption laws has also shown a material increase. The exemption granted to such properties in 1951 totalled \$10,875,000 and the corresponding figure for 1952 is \$11,985,000, an increase of \$1,110,000.

THE GREAT GROWTH of the county was also reported by Burchfield.

In 1942, there were approximately 50,000 assessments made and in 1952, 150,000.

Total net assessed value in 1942 was \$81,838,850. In 1952, it is \$253,298,620.

CITY MANAGER Rink said the assessed valuation of public utilities will approximate \$1,100,000 and broke down the assessed valuation of the city as follows:

Land	\$ 9,893,930
Buildings	17,279,620
Secured personal property	1,846,640
Unsecured personal property	1,518,680
Public utilities, estimated	1,100,000
Total	\$31,257,760

She used to shudder whenever I came out, with my new-born enthusiasm for Palm Springs, with stary-eyed eulogies to the climate. . . "Everytime you brag in print about the weather something happens," she said. . . "You write about sunny skies and by the time the paper comes out, it's pouring rain. . . The day after you big-mouthed about the pleasure of living here as compared to other spots where they had tornadoes, sleet, hail, rain and snow, the earth started to shake. . . Do us a favor, say the climate is miserable and it's raining. . . Then we'll have beautiful weather again." . . So I did. . . I said it was going to rain although there wasn't a cloud in sight. . . Nancy Nye in Village for July Holiday

Home for the Fourth of July holiday was Nancy Nye, Palm Springs high alumna now attending U. S. C. She was delegate from Xi Chapter, Zeta Tau Alpha, at last week's national convention, held at the Huntington Hotel in Pasadena. High spot of the convention for the young Villager was on Friday night when she accepted on behalf of her chapter the Semi-Centennial Award for Scholarship.

During the summer months she is spending her week days in the offices of the S. C. Law School, and plans to weekend with her family in Palm Springs, poolside at Casa Fiesta.

Serving Mankind Stressed in Topic on 'Sacrament'

True worship of God includes activity which blesses and heals mankind, points out the Sunday Bible Lesson on "Sacrament" in all Christian Science churches. The Golden Text from Psalms (116:12, 13) reads, "What shall I render unto the Lord for all his benefits toward me? I will take the cup of salvation, and call upon the name of the Lord." It is recorded in John's Gospel (13:12-15) that Jesus said to his disciples, "Ye call me Master and Lord: and ye say well; for so I

immediately took their poison pens in hand when they read the temperatures right after that. . . But even so, I'd rather be here when it's hot than some other southland places. . . At least, we're fairly well equipped to meet it. . . Doing something about the weather, not just talking (who isn't?)

RED KENYON says he is amazed at the progress being made here. . . "Why just the other day they dug up a street (Palm Canyon drive) and filled it in again during Summer instead of waiting until the height of the season. . . But I'm reserving judgment. . . I want to see when they complete Indian avenue. . . now or next December." . . During the hassle about redistricting, the type-setter stuck in an extra 'I' and spelled is "councilmaniac". . . Smiths Head East to Boost Desert Area

Mr. and Mrs. Ted Smith of Rancho Mirage left early this week for a six weeks tour of the eastern and north Atlantic states.

Smith as general manager and representative of the Rancho Mirage Development and Tract office has arranged an advertising and publicity campaign that will tap many sources of eastern capital. He plans, also, a trip through Canada for the same purpose. Smith feels that advantages of climate, natural beauty, as well as the extensive developments and investment opportunities should be made known.

He will pick up a new car in Michigan and attended part of the Republican convention proceedings on his way east.

am. If I then, your Lord and Master, have washed your feet; ye also ought to wash one another's feet. For I have given you an example, that ye should do as I have done to you."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "Our heavenly Father, divine Love, demands that all men should follow the example of our Master and his apostles and not merely worship his personality. It is said that the phrase **divine service** has come so generally to mean public worship instead of daily deeds." (P. 40).

Gertrude Walker Named Chairman of GOP Group

Mrs. Gertrude Walker of Palm Springs was elected chairman of the Fourth District for the Republican County Central committee at an organization meeting Tuesday at Riverside. She succeeds Mrs. Melba Bennett.

Organization of the county committee will be completed July 22. C. Thomas Wheeler of Riverside was elected county chairman.

Mrs. Walker plans to attend three meetings in Sacramento July 31 to August 22—State Republican Central Committee; Republican Women and Republican Convention committee.

Watkins Opens Office at Yucca

M. G. "Watty" Watkins, pioneer Morongo Basin realtor now in his 16th year in business in Twentynine Palms, this week announced formal opening of his new branch office in the Agaianian Building in Yucca Valley, on Saturday, July 12, 1952.

New office will be under management of Charles S. Watkins and H. W. "Jerry" Moore. Watkins, former general insurance agent in the area, will combine life insurance sales with the realty operation.

Watkins said that a complete development service is available in the building where his office is located, as an architectural designer, civil engineer and an attorney are conducting offices there.

Listings of all types of properties are solicited by the new branch office, and the connection with the old-established "Watty" Watkins firm in 29 Palms offers a valley-wide realty service of inestimable value to new arrivals, flocking here as result of activity on the new \$16,000,000 Marine Corps Base.

Quarry

Hearing Delayed Until July 24

Because they did not believe enough interested persons were present to constitute a fair public hearing on the question of a quarry near Thunderbird Country club, east of Cathedral City on Highway 111, county planning commission postponed the matter until its next meeting, July 29, L. C. Lewis, member of the planning board said Tuesday evening. The hearing had been set for that day.

The permit for the "borrow pit, rock crusher, sand and rock quarry" had been asked by R. T. Forbes. He said it would have a capacity of 200 yards per day. The proposed pit would be on the south side of Highway 111.

Tragedy

Village Soldier, on Leave, Drowns

Last rites were said Wednesday for Alzie F. Jackson of Palm Springs and Warren Air Force Base, Wyoming. The Villager, whose age was listed as 20 by the Air Force, but who is believed to be only 17, lost his life by drowning in the All American Canal southwest of Indio on July 4.

He was here on leave from the Air Base and had gone to Indio on a picnic with relatives. Relatives said that Jackson had advanced his age three years when enlisting and would have been just 17 years old on July 8.

Interment was in Palm Springs cemetery.

TO AID CHARITY—This is the picture which appeared in last week's Sun which H. D. Dowell of Banning thinks should be used nation-wide as an aid to charity and a boost for the Village. It shows Jimmy Darling, 9, newsboy, chunking it in a depository for charity while Rita Darwin of the Sun staff looks on.

Would Use Sun Picture to Aid Charity, Publicise City

H. D. Dowell, Winter Villager and now living in Banning, saw that picture in The Desert Sun last week in which little Jimmy Darling, 9, newsboy, "shared the wealth" by thrusting a dime in a jar of pennies intended for charity because he "had just received a 50-cent tip."

The lad had just sold a paper to Rita Darwin of The Sun staff and when he noticed the charity jar, started to put in the dime. "You mustn't put it all in," said Miss Darwin, "Pennies will do."

"But I want to," said the boy. "I just received a 50-cent tip."

Dowell's subsequent letter to The Sun follows:

"I was so impressed with the enclosed (a copy of the picture

and caption) that I decided to write you as follows:

"Either you or we or the Palm Springs Chamber of Commerce or all of us should have this picture put on several hundred cardboards with back brace to stand on counter or showcase, besides depositories for charities, etc., with the caption, 'It Happened in Palm Springs.'"

"Such would serve the double purpose of inspiring people to drop a dime, more or less, in the receptacle and would at the same time be wonderful advertising for Palm Springs."

"If you agree with me I want to start a fund to get it done with a contribution of five or ten dollars."

H. D. Dowell.

That telephone number we know so well may escape us now and then just when we are ready to turn the dial, or tell the operator. The memory plays strange tricks sometimes.

It's a good plan, therefore, to make a special list of the numbers we call most often—and keep it handy for quick reference. Telephone calls go through quickly these days and even the little delay caused by number fumbling is irritating. For fast, smooth telephoning be sure you know the number you want before calling.

"I OWN THE BUSINESS I WORK IN"

"Why am I so interested in Mayfair's profit? Simple. Because I AM PART of Mayfair. Yes, I, and over 90% of my fellow employees are stockholders—owners of the company we work in. So we are anxious to do a better job for OUR company—and YOU. In dividends, we share Mayfair's profits. We have a personal reason for wanting you to be satisfied Mayfair customers."

PRESBYTERIANS SET CHURCH BUILDING RECORD

AT CRACK OF PISTOL, after Rev. William M. Bowen called for divine aid, 200 volunteers leaped into action on vacant lot where foundation had been laid. Five hours 16 minutes later this completed Presbyterian edifice at Santa Rosa, Cal., was ready for services. The feat is believed to establish world record for such construction. New church is valued at \$50,000. (International)

Victories of Week

LITTLE LEAGUE		
Junior Police	7	4 636
Boys' Club	7	4 636
Strebe Theaters	6	5 545
Cravy-Hathaway	2	9 181

Boys' Club won two games this week to climb into a tie for the lead in the Little League with Junior Police. They defeated the JPs 16-0 Monday and downed Strebe Theaters, 23-5 Tuesday.

In the two games they registered 39 runs and 35 safe hits.

Monday night Johnny Andreas starred, holding the JPs to two lone hits and knocking out four safe blows in five trips to the plate.

When they called the game at the end of the fifth, Andreas had a mark of only four hits made off his pitching in 18 innings. Don Burke and David Self were the only Junior Police batters to hit safely Monday. Each got a single.

Andreas and Gauff; Self and Burke and Lewis.

Strebes Lose in Wild Game, 23 to 5

Tuesday night, in the first game of a double-header, the Boys' Club really went to town with the bat, scoring 23 runs on 20 hits to defeat Strebe Theaters 23 to 5. Jimmy Payne, pitching for the Boys' club held the Theater nine to three hits.

For Strebes, Larry Meek hit a home run and Pete Magandine, a triple.

Johnny Andreas hit a grand slam home run for the Club in the fifth, the inning in which the winners scored 12 times.

Al Gauff got five out of five for the club, four of them two-base blows.

The line score: R H E

Boys' Club 341 3(12)23 20 2
Hathaway and Meek; Payne and Segundo.

Junior Police Trim CH, 14 to 8

Junior Police defeated Cravy-Hathaway in the second game of Tuesday night's double-header 14 to 8 with the losers getting only three blows off Joe Lewis. Wade Eskew hit a two-bagger and David Tomlinson and Al Massengill got the other two, both singles.

For the JPs, Joe Lewis hit a homer and double. Don Burke hit three two-baggers in four times up and Kirk Seeley got

Lord Carlton Again on Card at Indio Wrestling Arena

English nobleman Lord Leslie Carlton and his Swamie will again take the spotlight at Indio Fairgrounds Friday. The blue blooded Carlton, who says he likes to wrestle professionally only for the "thrill of it," (although he has never been known to turn down any purses) will tie into Ray Piret, the long-legged grappler from Laramie, Wyoming, who was awarded the decision via a foul in last week's hectic bout. The match was so hectic, as a matter of fact, that the fans lost no time in butting hollering Promoter Leo Ellis, with a plea to re-match these two. Genial Mr. Ellis got busy immediately, and Friday the ever-growing legion of wrestling fans in the valley should see a brawl to remember.

Claiming the heavyweight title of the British Empire was not enough for Carlton, who will tell anyone that he is the undisputed

heavyweight champion of the world. Those who saw him perform last week reluctantly agreed with him. He is a magnificent athlete.

Of equal importance to many fans will be the presentation of Carlos Guzman, an Olympic headliner who is seen regularly on television. Guzman, rated by experts as one of the ten best wrestlers in the world, will be meeting Hardboiled Hardy in the semi-final event.

Showing for the first time in these parts, a full blooded Indian who answers to the name of Chief Lone Eagle is causing a lot of comment among his compatriots. The Chief, who comes into the ring completely garbed in the Indian fashion, with feathers and all that, is an instantaneous hit. His fast and clever mat work put him over with the public immediately. The first match starts at 8:30.

Ben Hogan Sets Own New Record

Ben Hogan, Tamarisk Country Club pro, shot the lowest score of his career and set a new course record at White Flint Golf course in Washington, D. C. Sunday in an exhibition match.

He carded a ten-under-par for the 70-par course with a sizzling 60.

The former record was held by Sam Snead who scored a 62.

Hogan took the first nine in 28, seven under par, and finished the second nine in 32, three under.

In his sensational rounds he registered nine pars, eight birdies and one eagle.

Merchants Fall Apart, Lose to San Jacinto, 12-1

Palm Springs Merchants went to San Jacinto Tuesday night for a County League game and really fell apart.

They lost by a score of 12 to 1 mainly because they racked up ten misplays during the nine innings.

The Merchants only got four hits off Priest, San Jacinto pitcher. He kept them scattered in four innings and the only run the Villagers were able to chalk up was a home run by Art Jurado in the sixth.

The line score: R H E

DHS, Cathedral City to Tangle Tomorrow Night

Desert Hot Springs, current leaders in the Desert Softball league, meet the up-and-coming Mhoon and Mhoon team of Cathedral City tomorrow night at the Polo Grounds.

Next Monday night, Junior Chamber of Commerce, runners-up in the race, tackle Desert Hot Springs in the close campaign for the Softball league pennant.

Wednesday night Mhoon and Mhoon meet Youth Center to end the fourth round of play.

Junior Police clash at 6:30 p. m. and Monday night the Boys' club meets Cravy-Hathaway.

The little lads go into a double-header Tuesday night with Strebes and Cravy-Hathaway meeting in the first game at 7 p. m. and the Junior Police taking on the Boys' club at 8:30 p. m.

Thursday night Strebes and the Boys' club close the week.

The Little League season ends on August 5.

If you want bigger payloads, you want a Dodge

"We solved our hauling problems with Dodge 'Job-Rated' trucks"

"Our business calls for trucks that can haul big loads day in and day out—and we like our trucks to last, too! That's why we prefer Dodge trucks that are 'Job-Rated' to fit our particular hauling job."

"We recently put in service two Dodge 'Job-Rated' 1½-ton models . . . and they sure haul big loads the way we want them to! For instance, the 170-inch wheelbase models allow for a 14-foot body, which is ideal for our business. And Dodge easy-handling advantages enable us to maneuver these trucks in the same space as some other trucks with 12-foot bodies."
